

## NEW TAX LAW PRACTICALLY OFFERS BONUS: FOR BABIES

Married folks with children will benefit more than any other wage earners by the new federal tax law which goes into effect on January 1. There will be approximallely 12 million wage earners who will move out of the tax paying brackets in 1946 and they will all be men and women who are supporting large fanilies, according to estimates made by the Internal Revenue division.

An example showing the saving is the P-2, CAF-7, "or SP-8 who is making \$2980 per year. If he is married and has no children; his' '45 tax is approximately $\$ 411$ and in ' 46 . it will be $\$ 32 \%$ If there is one child in his household the tax drops from: $\$ 311$ to \$232.: Two children bring it from \$211 to \$13.7. Three drop is from "ill to $\$ 42$, and four or more, entitie the father to be taxless.

A wife and five children eliminate taxes from the pay of a man making $\$ 3500$ ar less. A $\$ 3000$ employee does not pay the tax if he ha's at least four kids; a $\$ 2500$ man is in the same boat if he has at least three, and a $\$ 2000$ bigshot is likewise with two.

Single people, of course, will benefit by a small cut in theip tax. Marriage licenses are ayailable at the office of the Clerk of Courts in the courthouse.

## AIR SCOOP: SPONSORS A CHRISTMAS SHARE-THE-RIDE POOL.

Once again the Air Scoop. Office will act as a Traveler.'s Aid for Laboratory employees who want to spend this Christmas at home.

EMPLOYEES MAY GET FOUR DAYS FOR CHR ISTMAS, THREE FOR NEW. YEAR'S.

It has been learned"through" the Associated Press that President Truman has approved an adjustment of the vork week to give Federal employees a four day holiday at Christmas and a three day ditto for New. Year's. A semiunofficial Washington source predicted that this might mean that Christmas Eve and New Year's Eve will both be holidays while both Saturday after Christmas and Saturday after New Year's Day will be regular work days. : However, as Air Scoop went to press, approximately 48 hours after the AP announcement, no official word had been forthcoming from the White House as to how the adjustment will be administered. Since government agencies are run "according to official memoranda and executive orders and the like, and not by press releases, however official they may soem to be, the day of rejoicing by federal employees must wait until some word has been received through official channels: (Ed, note Remember the AP. V-E story?) As soon as official confimation is received, Laboratory employees will indubitably be advised in the usual manner.

## SHARE-THE-RIDE POOL (continued)

Anyone planning a trip and who has vacancies in his car, is asked to send a note to the Air Scoop Office, Service Building, listing his name, destination, departure and return dates, and number of vacancies. The plan will be worked on a first-come-first serve basis. Those desiring rides are also asked to -send their name and destination to the ir Scoop Office.

The A1r ScOOD has been mimeographed this week due to a shortage of lithographers and the pressure of work in the Mechanical Reproduction Unit. As soon a possible we will resume the regular publication process.

## SO LONG, FOLKS

It is with a tear in the eye that one must view the closing of the Industrial USO club rooms at 108 North King Street. It is hard to realize that the "home away from home" and the folks who helped to make i't home are llearing, The entire community is bound to suffer from the loss, no matiter now small the need has grown. The need in this community will never grow small however, for as long as American boys and girls have a bit of wanderlust, initiative, or curiosity in them, and as long as the governing bodies of the comminity persist in refraining to sponsor an adequate recreation program, there will be a need and it will always be a great one.

The presence and maintenance of the Industrial USO in Hampton were two things of which certain employees of this Laboratory may be justly proud. It would be unfair to certain other local interests to say that the Nacas. did 100 percent of the volunteer work, but it would be equally as unfair to those Nacas to say that their contribution was much les.s. To Baxter Beaman and Lauretta Muir and to the other directors and assistants who have administered the funds and facilities, to those people who first saw the need and impressed the right people of it, to those who have served on the board of directors, and to thpse who have spent countless volunteer hours "just helping", the workers of this Laboratory, whether

## PRT certainly seems, .

to be getting its share of visits from the stcork. The last one to be visited was Carl Sandalh and the surfirise bundie was a son, Carl Allen.

## 16-Foot Tunnel

doesn!t seem to be doing so badiy either. A newcomer arrived at the Julian Raynard householy on Suriday, November lis. Jt was a "he" and has been naned Julian Decatur, Jr.

Dan Cupid is still. . ..
sewing his oats ratier freely. Two of the latest victims are Maxine Spaur, Struotures Research, and Jim Staffino, 045. They were married on Saturday, November 24.:

## Wedding bells rang. .,

On November 9 for Virginia Perry, $7 \times 10-$ Foot Tunnel, and Gerald R. Warren of the U. S. Navy. The groom is attached to the U. S. S. Randol'ph and expects. to receive his discharge within the near future. The big event took place in Elizabeth City, N. C.

With Christmas .....
now less than a month off and finding it a little too airy for an outdoor party, employees are no doubt wondering just where they can have their Christmas party. Bruce Amolei, who is playing Santa Claus for these befuddled groups, has the solution and will be glad to arrange for the old Collier Home, located in the West Area, to be used for such an affair. Amole states that it is an ideal place now that the (continued on page 4)

BRAIN EUSTERS TO HOLD MEET SUNDAY; $\therefore$ LECEMBER 9:
The first in a series of model airplane meets to be held between now and next summer will be an indoor contest in the Erection Shop on Sunday, December 9 from no on to' 5 p.m.

There will be three contests for each olass of competition, indoor, rubber (outdoor), a tether gas, classes $\dot{A}$ and $E$ combined, and class C gas free filcht. A point' system has been devised so that winners from first to fifth place in each contest will be awarded points to le totalled at the close of the third meet in each class. The contestant. wi th the highest number of points will be sent to the National Model Airplane Championships meet in Chicago next summer with expenses paid. A trip:will be awarded each Brain Buster member who. is lucky enough to build up top points in any class. In case any winner places first in two events, the second place winner with the highest points of the two events will be: given the trip.

All contests will be: sanctioned by the Academy of Model Aeronautics and any cecord set will be recorded as official in the Washington records.

The next meets will be held on January 6 and 20. It is hoped that the lighter-than-air hanger may be obtained for these events.

The Brain Busters will hold their regular club meeting at the Syms-Eaton Comminity Center at $8 \mathrm{p} . \mathrm{m}$, on December 9. * * * *

FOR SALE: 14-Foot sail boat Two years old in excellen't condition, Stewart Parker, West Machine Shop.
FOR SALE: Hohner accordian, Harry Murray, Stability Tunnel.

FORMER STAPS TURN OUT FOR.
FIRST BASKETEALL SESSION
The four remaining members of last year's basketbail all stars, two second team selections; and seven other.promising prospects turned out last Sat-- urday for the first practice of the NACA team, much to the pleasure of coaches Harry DeVoto and Frank Read.

The complete list of hopefuls includes Pat Cancro; Frank Liberatore, Billy Bates, Eddie Polhamus, Chuck Bennett, Bob Jaquis, Jim Dawson, Jim Lindel, Tony Proterra, Joe Vincke, Luke Liccini, Lawerence Perry, and Lowell Hasel. DeVoto,: pleased at the first turnout, said that he was looking for at least ten more men to round out the complete squad as the team will undoubtedly play some of top notch amateur and service teams in this area and will need all the strength it can muster.

BASKETBALI LEAGÚE HOLDS FIRST ORGANIZATION MEET--
Nine teams were represented at the organization meeting of the Laboratory Men's Basketball League last Tuesday night at the Industrial USO. Last year's officers, chairman Pete Korycinski and Secretary Frank Read, fre acting as temporary officers until eliections can be tield.

The teams represented expressed a wish to open the league this year to all interested organizations in the countyin an attempt to get all besketball teams:moving in the same circle. plans äre underway to contact local churcnes and other sponsoring organizations to see if they are interested in entering teams in one big community league.

Korycinski asked that-all teams elect captains as soon as possible and send their complete team roster to Frank Read, East Engineering.

"NIGHT OF JANUARY 16" SET FOR NIGHT OF DECEMBER 7
The Hampton Little Theater will present. the second in a series ofplayreading nights at the Hampton Court House on Friday, December 7, at $8 \mathrm{p} . \mathrm{m}$. when co-producers Tiny. Hutton and Seymour Bqgdonoff present "The Night. of January 16 ".

The play-reading nights were planned by the Little Theater Board of Directors in an effort to dive more people an opportunity to try their luck on the stage. This plan does not necessitate the learning of lines but just reading; however, in order to familiarize the characters with the play, a practice reading will be held at the Sym-Eaton Community Center on Monday night, December 3. at 7:30 p. m, Anyone interested in reading a part is invited to attend.
"The Night of January 16 " is a very unusual.play in that it is the story of a murder trial and will be read in the realistic surroundings of the court house. Probably the most unusual feature is that the jury is actually picked from the audience. They hear all the evidence, retire for deliberation, and render a verdict. The author was thoughtful enough to provide two endings, depending on the finding of the jury. The public is cordially invited to attend, In case of a guilty verdict, Little Theater members will be able to attend the hanging by presenting the membership card at the door.

## LABORATORY. REACHES HALF-WAY MARK IN VICTORY DRIVE

Latest figures on the Victory Bond Drive reveal that the Laburatory has reached $\$ 25,447$ of the $\$ 45,000 \mathrm{goal}$, which is slightly passed the half-way mark. Full Scaie Area leads the drive with total contributions of $\$ 12,475$; West Area is second wisth: $\$ 10 ; 215,75$; and the Administrative Area third with only $\$ 2,756.25$.
